

**A clear solution
for farmers**

CATCHMENT SENSITIVE FARMING

You are invited to join CSF and IfA at this **FREE** event called:

Enrich your soils (advanced)

An interactive workshop on improving soil health and fertility
with CSF and Innovation for Agriculture

On Thursday the 21st February - 10.30 to 3.30

The Byre, Bootle, LA19 5TJ

Lunch is provided and BASIS points are available

Topics will include:

- Understanding your soil health.
- Improving soil health.
- Measuring soil health.
- Practical session to demonstrate soil biology, chemistry and physics.

Guest speakers include:

Joe Collins from Innovation for Agriculture
John Renner from Bellshill Farm, Northumbria
Caitlin Pearson from West Cumbria Rivers Trust

Booking is essential - Numbers are limited and places will be allocated on a first-come, first-served basis. Booking details will be via Eventbrite.

For further information contact Rosie Law on 07776 498 641
To book a place please go to Eventbrite <https://bootle21feb.eventbrite.co.uk>

If you are unable to attend on this date there is a similar event near Kendal on Wednesday the 20th so please contact Rosie for more details.

Natural England takes looking after your data as seriously as we take looking after the environment. Your data is only used by us so we can email, call, write or text you about our Catchment Sensitive Farming work. This will include advice, access to grants, events and campaigns. We hope you want to hear from us but you can change your preferences or mind at any time by emailing us on: catchmentsensitivefarming@naturalengland.org.uk. For more information: <http://bit.ly/csprivacy>.
Natural England's Information Charter: <http://bit.ly/naturalenglandinfo>

Catchment Sensitive Farming (CSF) is delivered in partnership by Natural England, the Environment Agency and Defra.
